

The Second International FCE Research Meeting Program Information

Thursday October 2, 2014, following the WDPI Conference

Hyatt Regency Hotel, Toronto, Canada

8:00	Registration
8:45	Opening & Welcome – Update since last conference <ul style="list-style-type: none"> • Doug Gross and Michiel Reneman
9:00	Keynote: ICF meets FCE <ul style="list-style-type: none"> • Rueben Escorpizo
9:45	Workshop – Should FCE-tests be complemented with nonorganic-somatic-signs? <ul style="list-style-type: none"> • Peter Oesch and Maurizio Trippolini
10:30	Break
11:00	Research presentations 1 (12 minutes each: 7 min presentation, 5 min discussion) <ol style="list-style-type: none"> 1. Dee Daley (presenting on behalf of Sean Collins and Margot Miller) - Vital Signs Prior to Pre-Employment Testing and Certification 2. Carole James - The effect of load on biomechanics during the WorkHab Functional Capacity Evaluation 3. Peter Oesch - Functional capacity evaluation; reference values of patients with chronic non-specific low back pain without Waddell Signs 4. Maurizio Trippolini - Can functional capacity tests predict future work capacity in patients with whiplash-associated disorders? 5. Rick Wickstrom - Assessing manual dexterity function: A comparison of the Minnesota Manual Dexterity Test (MMDT) and the new WorkAbility Rate of Manipulation Test (WRMT)
12:00	Lunch
13:00	Research Presentations 2 (12 minutes each: 7 min presentation, 5 min discussion) <ol style="list-style-type: none"> 1. Steve Allison – Heart rate changes in functional capacity evaluations in a workers' compensation population 2. Sivan Almosnino - Can Sincerity of Effort be Determined During Muscle Strength Testing? An Overview of Methods. 3. Andre Bieleman - Does the physical work capacity of subjects with early osteoarthritis of hip and knee decline in five years? 4. Michiel Reneman - Do analgesics improve functional capacity in patients with chronic low back pain? A triple blinded RCT. 5. Marco Streibelt (on behalf of Sebastian Bieniek and Matthias Bethge) - The reliability of WorkWell Systems Functional Capacity Evaluation: a systematic review 6. Remko Soer - Efficient matching of physical work load with functional capacity in healthy workers 7. Rick Wickstrom - Reliability, Validity, and Norms for a New Two-Square Agility Tests
14:30	Break
15:00	Workshop - Man or Machine: Where do we put our trust? <ul style="list-style-type: none"> • Remko Soer, Doug Gross, Wouter Teeuw, Elizabeth Chapman
15:45	Proposal – Towards better understanding of FCE in different societal context <ul style="list-style-type: none"> • Michiel Reneman, Doug Gross, Maurizio Trippolini, Peter Oesch
16:15	Closing <ul style="list-style-type: none"> • Gross and Reneman
